| How the advisory fee is charged: | Wells Fargo Advisors charges the quarterly advisory fee in advance, generally within the first 10 business days of each calendar quarter, based upon the account value on the last business day of the prior calendar quarter. An initial fee for newly opened accounts will be deducted from the account for the applicable partial calendar quarter.  
If cash and/or securities are added or withdrawn between billing periods, a prorated fee will be charged or refunded on the net value of the additions and/or withdrawals as of the date of activity. The fee will be assessed or refunded in the following month only if, on a net basis, the fee or any refund is at least $40. No fee adjustment will be made for appreciation or depreciation in the value of the assets in the account during any period. |

Investment and insurance products are:  
- Not insured by the FDIC or any federal government agency  
- Not a deposit or other obligation of, or guaranteed by, the bank or any bank affiliate  
- Subject to investment risks, including possible loss of the principal amount invested
### Estimated Expense Ratios for the 9 Intuitive Investor Portfolios (as of April 15, 2019)

The providers of the funds in your portfolio deduct a set amount to cover each fund's management expenses and other costs.

### How to Calculate the Annual Cost of an Intuitive Investor Account

Start with your advisory fee + Add your portfolio's estimated expense = Your account's total annual cost

### Our satisfaction guarantee

If you’re not satisfied with your Intuitive Investor account, you can activate the satisfaction guarantee within 90 days of your portfolio being invested. We’ll refund all advisory fees paid during this period, and we’ll also waive any outgoing account transfer and IRA termination fees. Please note that this guarantee does not protect you against market losses. Call 1-855-283-5567 for more information.

This fee schedule is subject to change at any time, without notice.

1. The Wells Fargo Bank Portfolio by Wells Fargo program has a $30 monthly service fee, which can be avoided when you have one of the following Portfolio by Wells Fargo statement-ending qualifying balances: $25,000 or more in qualifying linked bank deposits (checking, savings, time accounts (CDs), FDIC-insured IRAs), or $50,000 or more in qualifying linked bank, brokerage (available through our brokerage affiliate Wells Fargo Advisors), and credit balances (including 10% of mortgage balances, certain mortgages not eligible).

2. When you link your Intuitive Investor account to your Wells Fargo Bank Portfolio by Wells Fargo program, your advisory fee is discounted to 0.40%, instead of the standard advisory fee of 0.50%. If the Portfolio by Wells Fargo program is terminated, the discounted advisory fee will discontinue and revert to the current applicable advisory fee. Custodial accounts and certain trust accounts are not eligible for the Portfolio by Wells Fargo program discount.

3. Estimated expense ratios are based on the weighted-average of the expense ratios of the primary funds in each portfolio at the target asset allocation. Actual expenses will vary slightly as each portfolio’s asset allocation is allowed to drift within prescribed bands around the target. If you elect to use the optional Tax Loss Harvesting service or to specify investment restrictions, alternative funds will be used and may have different expense ratios than the primary funds they replace.
4. A $10,000 initial investment is required to open an Intuitive Investor account. After your account has been fully funded and traded, if your balance falls below $7,500 (through market declines or withdrawals), you will not be charged a minimum balance fee, but Wells Fargo Advisors will suspend trading activity (except for client-requested withdrawals) until you increase your account balance to at least $7,500. In addition, leaving the balance below $7,500 will trigger Wells Fargo Advisors to convert your Intuitive Investor account into a self-directed WellsTrade® brokerage account, subject to the WellsTrade account fee schedule: https://www.wellsfargoadvisors.com/services/online/fees-expanded.htm. **Note:** If your balance drops below $500, we will automatically sell your account holdings.

5. Termination fee applies to full distributions of Traditional, Roth, and SEP IRAs. Fee is waived for clients over age 70½, accounts terminated due to death or disability, and Inherited IRAs.

6. Wire transfer fees are applicable to withdrawal requests directly from your Intuitive Investor cash account. In the event you first transfer funds to a Wells Fargo banking account and then request an outbound wire, bank wiring fees will apply.
